BUILDING FEE

We are pleased to announce that architectural planning has begun for the upgrade of our current infrastructure. The new, modern facilities will be better aligned with the needs of today's learners and educational standards. In light of the anticipated cost of this development, we will be introducing an annual building fee of 10,000 CFA francs per student, effective from the commencement of construction. We will continue to keep you—our valued parents and guardians—updated as the project progresses.

CANTEEN

Our flexible canteen system offers daily and weekly, monthly and termly subscriptions for warm nourishing meals. Please see the attached information sheet for details.

TALENT DEVELOPMENT PROGRAMME (TDP)

In 2025/26, we will strengthen the Talent Development Programme launched last academic year by introducing a more structured curriculum, engaging experienced instructors, integrating modern equipment, and conducting regular assessments and showcases. We strongly encourage parents to enrol their children at registration, as spaces will be limited. Please refer to the attached information sheet for details on available clubs.
